ERRATUM

Released: May 5, 2008

By the Chief, Media Bureau:

1. On January 24, 2008, the Commission released the *Report and Order*, FCC 07-205, in the above-captioned proceeding. Upon further review, it was determined that a change to 47 C.F.R. § 73.3527(e)(8) inadvertently eliminated a pre-existing requirement for noncommercial educational radio broadcast stations to place quarterly issues/programs lists in their public inspection files. In order to rectify this error, this Erratum corrects section 73.3527(e)(8) in Appendix A on page 26 of the document to read as follows:

(8)(i) *Issues/programs lists*. For nonexempt noncommercial educational radio broadcast stations, every three months a list of programs that have provided the station's most significant treatment of community issues during the preceding three month period. The list for each calendar quarter is to be filed by the tenth day of the succeeding calendar quarter (e.g., January 10 for the quarter October-December, April 10 for the quarter January-March, etc.). The list shall include a brief narrative describing what issues were given significant treatment and the programming that provided this treatment. The description of the programs shall include, but shall not be limited to, the time, date, duration, and title of each program in which the issue was treated. The lists described in this paragraph shall be retained in the public inspection file until final action has been taken on the station's next license renewal application.

(ii) *TV Standardized Public Interest Reporting Form*. For noncommercial educational TV and Class A TV broadcast stations, every three months a completed Standardized Public Interest Reporting Form with regard to the station's efforts to determine the issues facing its community and the programming aired during the preceding three month period in response to those issues. The form for each calendar quarter is to be filed by the thirtieth day of the succeeding calendar quarter (e.g., January 30 for the quarter October-December, April 30 for the quarter January-March, etc.). The forms described in this paragraph shall be retained in the public inspection file until final action has been taken on the station's next license renewal application.

2. As the rule changes adopted in the *Report and Order* will not become effective until approval has been given by the Office of Management and Budget, this erratum has no effect on existing requirements, and all broadcast stations are expected to timely file their next issues/programs lists on July 10, 2008.
